A masterpiece of precision mechanics! Highly precise eye tonometer according to Prof. Schiötz for measuring intra-ocular pressure. Its reliability and durability makes this quality measuring instrument indispensable in every ophthalmologist’s practice and eye clinic.

- High quality agate bearing for an extremely long service life
- Precision measurement on a scale of 0 to 20 subdivisions and 0 to -1 subdivisions
- Perfect reading of the scale with red pointer
- All vital parts are made of stainless steel, other parts are chrome-plated
- Complete in a black deluxe case with velvet-look inserts
- Supplied with three weights (5.5 g, 7.5 g, 10 g) and a conversion table

Specification 5, polished weights, with inspection certificate
schiötz A, with straight scale No. 5110
schiötz B, with inclined scale No. 5111

Specification 3
schiötz C, with inclined scale No. 5112
